We are
different, we
are reliable

A collection of rehabilitation equipment is displayed against a white background. On the left, a wheelchair with a blue seat and backrest is partially visible. In the center, a rollator (a three-wheeled walker with a seat) is shown. On the right, a standard four-legged walker is visible. The equipment is made of various materials like aluminum and steel.

Distributor of rehabilitation equipment and supplies including wheelchairs, crutches, canes, rollators, walkers and gait trainers. Made from aluminum, steel, plastic wood, nylon and carbon steel. Suitable for bariatric, pediatric, adults and children

WHEELCHAIR STICK & WALKER
